

# 4in10 London members TRAINING

**AUGUST TO  
SEPTEMBER**

**1-2 HOURS**

Join 4in10 and Superhighways for a series of short, practical courses to help you develop your data and digital skills in time for London Challenge Poverty Week on 16 - 22 October.

You'll meet with your peers in charities and community organisations across London to talk about your ideas to share your impact, campaigns and events. You can apply what you've learned straight away in your everyday work too.

## Digital and Data Skills Training

superhighways  
harnessing technology for community benefit
