Wide audience in London....good relationships with similar organisations

Link into trends in the borough, issues with homelessness

Microsoft Teams has all sorts of tools which we are not utilising

Work closely with other organisations in our borough....learn from them possibly?

Growing membership

Two Facebook pages - one private, one public - former recently established

Tap into hobbies & skills of members e.g. creative or specific issues e.g. access

Members communicating on behalf of the org - skilling up opportunities - digital & non digital

★  
Making more use of staff as communicators.

## Define your audiences

### What does this mean and why should we do it?

It's no good having powerful, or potentially even life-changing messages if you are unclear on who to share them with! So it's important to think about this.

### How to do it

Make a list of everyone you want to reach. Think about what you want to achieve and who you need to reach in order to achieve your goals.

We've made a start with some suggestions below. Tick the ones that are relevant to your organisation, especially those from your local region and/or the topics you work on, and **use the blank space to add your own.**

- Local Authority
  - Donors
  - Local commissioners
  - MP
  - Police
  - Policymakers
  - Potential donors
  - Service users
  - Service users' family and/or friends
  - Trustees
  - Central government
  - NHS

# Define your audiences for your goal

# List some specific people and places

Example Groups	Specific Details
Funders	<p>London wide – Trust for London, City Bridge Trust</p> <p>National Lottery – London regional team?</p> <p>Small local funders – borough specific e.g. Richmond Parish Lands, <u>Cripplegate</u> Foundation,</p> <p>Local Giving schemes – Sutton Giving, Love Kingston <u>etc</u></p>
VCS	<p>Small organisations under £100k income (registered charities, CICs, community groups)</p>
Intermediaries	<p>CVSs – small group workers, development workers, communication leads</p> <p>Small Charities Coalition</p>

# When you're tight on time..

**Must do**

**Could do**

**Should do**

It doesn't mean an audience doesn't matter to us because it's not a priority right now.

# Audiences

Complete your template

1. List your audiences (2 minutes)
2. Choose one or two that can help you achieve your goal /objective

# Imagining who we are talking to.

- What needs do they have?
- What interests them?
- What stuff do they read, listen to, watch?
- Worries them?
- What goals do they have?

In chat, write the audience and one thing you think you know about them

# Take it a step further: creating detailed personas

## PERSONA CANVAS FOR CHARITIES

Media Trust's Digital Marketing Toolkit has been designed specifically for small charities to develop an impactful and effective digital communications strategy. Each template represents a different stage of developing a digital marketing strategy and can be used individually or as a whole.

<b>NAME</b> Give your persona a first name. This will help you personalise the character and make it easier to refer to them in the future. <input type="text"/>	<b>ROLE</b> The persona may have different personal and professional roles, but this is the opportunity to capture the specific role they play for your charity. <input type="text"/>	<b>FACTS</b> List some basic demographic information. Age <input type="text"/> Gender <input type="text"/> Location <input type="text"/>	<b>RELATIONSHIPS</b> Who does this persona have in their lives? Think about family, friends and professional connections. <input type="text"/>
<b>ACTIVITIES</b> What do they do on a day-to-day basis? This could include work, hobbies and habits. <input type="text"/>	<b>DIGITAL BEHAVIOUR</b> Where can you find them online? List their preferred social media channels, news and shopping websites. <input type="text"/>	<b>WIDER WORLD</b> What trends in society affect and/or preoccupy them? These can be positive, negative, or a mixture of both. <input type="text"/>	<b>FEELINGS</b> How do they feel at this point in time? <input type="text"/>

# Finding out more about them

- ✓ Ask them!
- ✓ Ask others that know your audience for insights
- ✓ Analyse your existing information e.g. social media ([Facebook Page Insights](#), [Instagram Insights](#), [LinkedIn Analytics](#))
- ✓ Have a look at similar organisations or people on social media or newsletters – what's their tone & messaging?

**Think**

**Feel**

**Do**

Think, Feel, Do is a planning tool to help you plan your messages

# It can be a before and after too: Let's imagine you run fitness activities...

## Think

I've put on a bit of weight over winter. It's harder to get fitter in my 40s

## Feel

Sluggish and a bit down. Bit overwhelmed by choices.

## Do

Work long remote hours. Like to run a bit.

# An example of Think, Feel, Do

We want our target audience to think: 'I know one in five care leavers experience homelessness within two years of leaving care.'

And feel: "I'm confident that this charity ensures care leavers have the early stage support they need to stop situations escalating that far".

# Key messaging makes you memorable

## Define your messages

### What does this mean and why should we do it?

"Messaging" is how a charity talks about itself, including its purpose, goals, services and so on. Your messages will shape all the communications you put out, so it's important that you spend a bit of time getting them right.

### How to do it

Your charity's key message(s) should express the main idea(s) you want people to understand and remember. Bear in mind that lots of other messages are competing for their attention, so make sure yours stands out and is easy to digest.

Start by thinking about:

- what you stand for
- why you are different
- what value you offer
- what problems you solve
- what makes your charity different
- your vision for your local community, your service users and wider society

Use this information to decide what key messages you should be promoting. Very simply put, this should be the key things you want people to know.

### Top tip: it's personal

Different messages are likely suitable for other audiences. Communication is all about sharing information — you'll probably want to share different information with local commissioners and your service users, for example.

Have a go at using some of the following sentence starters to plot your messages...

*As a charity, we believe in* \_\_\_\_\_

*We wish our service users knew that* \_\_\_\_\_

*Our MP needs to understand the importance of* \_\_\_\_\_

*If we were Editors-in-Chief of the local newspaper tomorrow, our front-page headline would be* \_\_\_\_\_

*We'd like our donors to be aware that* \_\_\_\_\_

*If we could tell the general public one thing, it would be* \_\_\_\_\_

*Our service users' family and/or friends need to understand that* \_\_\_\_\_

You can either write a key message for each of your audiences that you can use all the time.

Or be specific to your goal.

# Plan content & schedule posts with Canva Pro

The screenshot shows the Canva Pro Content Planner interface. At the top, there is a navigation bar with the Canva logo, a hamburger menu, and several dropdown menus: 'Design spotlight', 'Business', 'Education', 'Plans and pricing', and 'Learn'. On the right side of the navigation bar, there are icons for a monitor, settings, and a notification bell, along with a purple 'Create a design' button and a user profile icon labeled 'KT'.

On the left side, there is a sidebar menu for the user 'katewhite's team' (Teams • 87). The menu items are: 'Back to Home', 'Apps', 'Recommended', 'Content Planner' (which is highlighted with a crown icon), 'Mockups', 'Product Photos', and 'Invite members'.

The main area is a calendar grid for the month of August. The days are arranged in two rows: the first row contains days 15 through 21, and the second row contains days 22 through 28. The 25th is highlighted with a purple circle. A blue box labeled 'Add an event!' is positioned above the 19th. A grey box labeled 'Cheese Lover's ...' is positioned above the 20th. A grey box labeled 'Opposite Day' is positioned above the 25th. Below the 'Opposite Day' box, there is a preview of a social media post for 'Tech Support' with the text 'One to one support help you use your smartphone/tablet' and 'Call Kings\* Volunteer 020 825'.
