Over to you...

After the session you'll be able to...

- ✓ Recognise the elements of storytelling
- ✓ Select the best tools for audio capture – online hosting, devices, apps and accessories
- ✓ Record audio using simple interviewing techniques
- ✓ Make basic edits to your sound clips
- ✓ Plan how you will use and share your stories

Why interview?

Job Club, New Addington and Fieldway

The Children's Society
Gemma and Imogen

What else can you do with audio?

 An interactive guide to MSF's surgical programmes

Steps to capturing great audio

Before you leave here today...

Please check with your interview partner if they would like you to delete the sound file from your computer and/or Audacity project.

Final thought...
